

Jigsaw PSHE EYFS – Year 4 progression map

Jigsaw, the mindful approach to PSHE, is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the **spiral** knowledge and skills progression within all six Puzzles (units of work) including the key vocabulary used in each year group; explicit links to the DfE statutory Relationships and Health Education outcomes have been made in each Puzzle.

INTENT: *Jigsaw holds children at its heart, and its cohesive vision helps children understand and value how they fit into and contribute to the world. With strong emphasis on emotional literacy, building resilience and nurturing mental and physical health, Jigsaw 3-11 properly equips schools to deliver engaging and relevant PSHE within a whole-school approach. Jigsaw lessons also include mindfulness allowing children to advance their emotional awareness, concentration, focus and self-regulation.*

IMPLEMENTATION: *Jigsaw 3-11 offers a comprehensive programme for Primary PSHE, including statutory Relationships and Health Education, in a spiral, progressive and fully planned scheme of work, giving children relevant learning experiences to help them navigate their world and to develop positive relationships with themselves and others.*

IMPACT: *This can be established through assessment identified in the key learning.*

Online relationships

(R20) that people sometimes behave differently online, including by pretending to be someone they are not

(R21) that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous

(R22) the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them

(R23) how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met

(R24) how information and data is shared and used online.

Being safe

(R25) what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)

(R26) about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe

(R27) that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact

(R28) how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know

(R29) how to recognise and report feelings of being unsafe or feeling bad about any adult

(R30) how to ask for advice or help for themselves or others, and to keep trying until they are heard

(R31) how to report concerns or abuse, and the vocabulary and confidence needed to do so

(R32) where to get advice e.g. family, school and/or other sources.

Physical Health and Well-Being – By end of primary, pupils should know:**Mental well-being**

(H1) that mental well-being is a normal part of daily life, in the same way as physical health

(H2) that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations

(H3) how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings

(H4) how to judge whether what they are feeling and how they are behaving is appropriate and proportionate

(H5) the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness

(H6) simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests

(H7) isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support

(H8) that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being

(H9) where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online)

(H10) it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.

Internet safety and harms

(H11) that for most people the internet is an integral part of life and has many benefits

(H12) about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical well-being

(H13) how to consider the effect of their online actions on others and know how to recognise and display respectful behaviour online and the importance of keeping personal information private

(H14) why social media, some computer games and online gaming, for example, are age restricted

(H15) that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health

(H16) how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted

(H17) where and how to report concerns and get support with issues online.

Physical health and fitness

(H18) the characteristics and mental and physical benefits of an active lifestyle

(H21) how and when to seek support including which adults to speak to in school if they are worried about their health.
